Northern Football Trials

On Monday 19th March, 17 Glen Innes Public School students attended the North West Northern Zone Football (soccer) trials in Armidale. Combining with players from Tenterfield and Mingoola, to represent the Northern New England region, our students played 3 games prior to the selection of Possible and Probable teams for both boys and girls.

We saw 5 boys and 5 girls from our school selected in these final matches and from here 3 girls were selected as Northern North West Representatives.

On the day all students acquitted themselves well both on and off the field. Congratulations to those students whose efforts and skills were recognised in both the Possibles and Probables format and with selection in the Northern Zone squad. To those students whose efforts may not have been recognised on the day well done also – the experience and practise gained from the day will help in future Football endeavours as well as developing the School's teams for the upcoming knockout carnivals.

Finally a sincere thank you to the parents and carers who supported the students' participation on the day through transport and sideline assistance. These events are not possible without such support.

Congratulations to Kate Mephram and Krystal Crossley who were successful in being named as part of the North West Football Team to play in Panania (Sydney) from 5th - 7th June.
